

AH

Ali Haider

Sargodha, Punjab, Pakistan
(923) 006-0466
drontzasp@gmail.com

I am adept in all stages of advanced web development with 5 years of hands-on experience in software industry.

Proficient in an assortment of technologies, including some JavaScript frameworks such as React, Vue, Angular, Node/Express, and most of the database.

Able to work as effectively self-manage during independent projects, as well as collaborate in a team setting.

Service:

Focus on details and quality.

Strong problem solving skills.

Create clean, modern, testable, well-documented code.

Strong understanding of modern JavaScript, SPA and NodeJs concepts.

Modern knowledge of front-end performance .

Cross-browser compatibility issues and ways to work around them.

HTML and CSS pre-processing platforms, such as LESS and SASS.

Layout aesthetics, responsive design and mobile web development.

Confident UI development with HTML and CSS;

Improve, add new features and build new software solutions.

Provide flexible timezone and communication.

Work Experience

Web Developer & Designer

1/2019 to 5/2021

Nangiana & Co

Nangiana & Co

Worked as a effective and positive team member to code, test, report, and launch operations.

Managed front-end and back-end development.

Successfully identified, diagnosed, and fixed website problems, including broken links, typographical errors, and formatting issues. Helped to achieve a consistent look and visual theme across the website by promoting uniform fonts, formatting, images, and layout.
