Work Experience

Web Developer & Designer

Nangiana & Co | January 2019 - May 2021

- Worked as a effective and positive team member to code, test, report, and launch operations.
- Managed front-end and back-end development.
- Successfully identified, diagnosed, and fixed website problems, including broken links, typographical errors, and formatting issues.
- Helped to achieve a consistent look and visual theme across the website by promoting uniform fonts, formatting, images, and layout.

Academic History

Punjab Group of Colleges

2014 - 2016

I studied Entry-level web development.

I have made small websites using HTML, CSS, JQuery, and Bootstrap.

University of Sargodha

Bachelor's Degree in Computer Science

2016 - 2020

I had a professional education at university and I studied a lot of stacks by myself. such as Javascript, Typescript, React.js, Angular, Vue.js, Node.js, MySQL. I also have experience working as a web developer by being hired remotely by some small companies.
